

Ujamaa Community Economics Platform Concept

*To Build and maintain our own stores, Shops and other
businesses and to Profit from them together*

Ujamaa
Cooperative Economics

01 |

Reduce the Unbanked

Significantly reduce the over 1 Million unbanked residents in N.Y. which will ultimately increase net available income for Bronx Residents.

02 |

Incentivize “Buy Local”

Motivate residents to support local Bronx Businesses, by use of local-specific loyalty and rewards programs – Keeping dollars within the community.

03 |

Financial Management

Use of the incorporated Financial App will promote increased savings and assist in better budgeting and financial management for Bronx Residents.

04 |

Self-Sustaining Model

The proposed model will reduce dependency on high fee-based money transfer tools while improving Residents saving levels and Bronx Businesses revenue levels without wholesale changes to normal operations.

Ujamaa Community Platform | Framework

1.

Unbanked Residents use the Ujamaa Resident app or site to make purchases at local businesses via Wicket Banking App and Debit Card.

2.

The Platform provides Residents with features like budgeting and expense tracking tools, loyalty and points programs and location-based product alerts.
